SUMMARY

With over six years of experience in IT skills training, my expertise lies in managing educational projects, particularly in nurturing young IT specialists. In my current role, I excel in orchestrating the entire educational process, from talent scouting and interviewing to onboarding and managing the journey of students. This involves keen oversight of their learning progress, outcomes, and maintaining their motivation.

EXPERIENCE

Bootcamp Project Manager

NDA

July 2022 – June 2023, New York, NY

- Organized the process of training employees within the company with a rare set of skills.
- Selected tools for online education of students.
- Compiled into a single system the technical requirements for candidate search.

Resource Development Lab Head

EPAM Systems Inc.

September 2021 – June 2023, Newtown, PA

- Together with a technical specialist, developed a competency matrix for hiring new employees.
- Conducted interviews with candidates, checked their compliance with requirements, and managed onboarding upon enrollment in the training center and offboarding.
- Organized the hiring of employees who completed training, for other locations.

Metodologist, Teacher

Robo.Grade
